

GLPI-PROJECT - Task #1472

Need to clean "slashes" usage.

08/14/2009 09:49 AM - remi

Status:	Feedback	Start date:	08/14/2009
Priority:	Normal	Due date:	
Assignee:	moyo	% Done:	0%
Category:	Framework	Estimated time:	0.00 hour
Target version:	Candidate for next major version		
Description			
Problem example : rules engine			
Actually			
input => slashes protected			
output => not protected			
Should be consistent.

History

#1 - 08/14/2009 10:13 AM - moyo

- post / get values : slashes protected.
- From DB : not slashes protected.

Need to have the save behaviour.

Idea : all datas are [not] slashes protected.

- slash protected :
 - more secure but need to filter all display due to slashes
 - problem with may have problem on regex (need to stripslashes before)

Proposition : not slashes protected

- addslashes on DB insert, update or select
- clean slashes getting datas from DB
- do clean_cross_side_scripting on post/get for security

- prerequisite : use standard functions for SQL requests [[SqlRequestsFramework]]

#2 - 08/16/2009 04:17 PM - moyo

- Subject changed from RulesEngine : need to clean "slashes" usage. to Need to clean "slashes" usage.

#3 - 09/06/2009 01:34 PM - moyo

- Assignee set to moyo

#4 - 10/05/2009 05:49 PM - moyo

- Category changed from Rules Engines to Framework

#5 - 02/16/2010 02:10 AM - moyo

- Target version changed from 0.78 to 33

#6 - 01/18/2011 09:10 PM - moyo

- Tracker changed from Bug to Task

#7 - 01/18/2011 09:16 PM - moyo

- Target version changed from 33 to 0.85

#8 - 06/11/2013 11:21 PM - moyo

- Status changed from New to Feedback

- Target version changed from 0.85 to Candidate for next major version
