

GLPI-PROJECT - Feature #217

Handling of marks

07/29/2005 05:10 PM - Anonymous

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Inventory	Estimated time:	0.00 hour
Target version:	Unplanned		

Description

glpi will be able to handle safety/quality marks? I can propose this to the TODO?

Many mark are worldwide (energy star), most regional (CE, for the EEC), some local (like IMQ, the italian electric quality certicator), so i think there's needed a place where certicators (and .jpg of the logos ;) can be entered, and a place where they are @@assigned_ to specific device.

History

#1 - 10/20/2010 01:15 PM - moyo

- Assignee deleted (8)

- Target version changed from 9 to Unplanned
