

GLPI-PROJECT - Task #2236

Integrate Reports plugin into the core

07/16/2010 12:39 PM - valid

Status:	Feedback	Start date:	07/16/2010
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Stats / Reports	Estimated time:	0.00 hour
Target version:	Candidate for next major version		

Description

Reports plugin is composed of :

- 1 - a framework to generate reports and manage criterias, request execution, results display and export
- 2 - an habilitation framework to add specific rights per report

It is now mature enough to discuss his integration into the core of GLPI

The habilitation framework needs to be reworked, but the reports framework works well

see documentation here : [[reports:En_devguide]]
