Target version:			
Description			
<p>From the "Connections" tabs of a NetworkEquipment linking to existing connection seems to fail: Dropdowns are OK but no link is made on submission.</p> <p>There is a PHP Notice:</p> <pre>Notice(8): Undefined index: plugin_connections_connections_id Backtrace : ...GLPI-0.84.5\inc\toolbox.class.php:531 Toolbox::userErrorHandlerNormal() ...GLPI-0.84.5\plugins\connections\front\connection.form.php:77 Toolbox::userErrorHandlerDebug()</pre>			

History

#1 - 05/27/2014 02:53 AM - CDuv

- Status changed from Assigned to Resolved

Fixed in r12: Wrong dropdown name was used (connections_id instead of plugin_connections_connections_id) (see source:/trunk/inc/connection_item.class.php@12#L361).
