

Formcreator - Bug #4954

Localization of error messages when validate a form (v1.8.1)

06/10/2014 03:33 PM - blerohellec

Status:	New	Start date:	06/10/2014
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
<p>When a field is mandatory in the form, and still empty, an error message is shown at validation. This message is always in French. This message should be localized.</p>
