

## certificates - Feature #5154

### Link with User

12/11/2014 11:16 AM - blerohellec

<b>Status:</b>	New	<b>Start date:</b>	12/11/2014
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>		<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Description</b>			
Would be useful to be able to link a certificate with a User (individual certificate).

I'm also interested in this function.

We're evaluating this good tools to use it in our company as our default inventory tool.

We need to manage personal certificates for our users and the relationship between the user and the certificate is mandatory for us.

Thanks,

Hello,

For a quick workaround, you may add 'User' in the list of available types in file "certificate.class.php" :

```
static $types = array('Computer','Monitor','NetworkEquipment','Peripheral',  
    'Phone','Printer','Software','User');
```

Well done.

Thank you. Benoit
