| Description | | | |
| <p>Version 2.0.0 Create a typology. Add a criterion without an item (wrong manipulation). The criterion is created in table _typologycriterias. But it cannot be displayed on screen : Fatal error: Class '0' not found in /var/www/glpi084/plugins/typology/inc/typologycriteria.class.php on line 375 Unfortunately, the criterion can't be removed. Only solution is to delete its record from the table.</p> <p>Nothing in php-errors.log</p> | | | |
