

typology - Bug #5333

A label 'Number' is not translated in criteria typed Memories & Processors

05/23/2015 01:54 PM - blerohellec

Description

In criteria typed Memories and Processors, one of the field is 'Number'.

This later label is never translated.

Indeed, it seems that in `typologycriteriadeinition.class.php`, it looks for locale 'Number' in GLPI locales (and not in the plugin locales), but it doesn't exist (at least without a `msgctxt`).
