<b>Target version:</b>	0.90		

#### Description

As describe in the github's genericobject issue : <https://github.com/TECLIB/genericobject/issues/26>

User can put in trash an object with the "Put in trash" right, but cannot restore an item without the "purge" right.  
It is problematic, because if the user has accidentally put the item in the trash bin, he cannot restore it...

#### Associated revisions

##### Revision 23620 - 07/21/2015 03:40 PM - mtpl

fixed #5427 DELETE righth needed to restore an object instead of PURGE  
some factorization need to be done

#### History

##### #1 - 07/21/2015 03:40 PM - mtpl

- Status changed from New to Resolved
- % Done changed from 0 to 100

Applied in changeset r23620.
