

GLPI-PROJECT - Feature #823

Gestion des ensembles de materiel

11/17/2006 12:17 PM - Anonymous

Status: New	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Inventory	Estimated time: 0.00 hour
Target version: previously planned as 0.87	
Description	
<p>We use the newest IRM at the moment. We can record faults against a group of computers, for example when a whole room of computers needs new software installing. Can this be done in GLPI?</p> <p>->Créer des tickets sur un ensemble de matériel.</p> <p>See also #839</p>
