History

For me :

Read

Create

Update (you can have rights to update an object but not to create it)

Delete

Purge

#2 - 01/06/2011 01:55 PM - moyo

Dans quel cadre exact ?

Dans l'idée simple de rwdp on a $r < w < d < p$

En remplaçant w par cu comment cela se gère t'il ?

#3 - 01/11/2011 08:02 PM - yllen

La séparation du w en c et u est pour affiner les droits.

Par exemple, un technicien peut avoir le droit de mettre à jour un ordinateur mais n'a pas le droit de créer un nouvel ordinateur.

Donc je verrais bien $r < u < c < d < p$
